SUMMARY

I have a strong interest in frontend development and web technologies. I enjoy building user-friendly interfaces. Comfortable in HTML5, CSS3, JavaScript (ES6+), and TailwindCSS with hands-on experience building responsive, accessible web interfaces using AI Assistant like Claude, Antigravity and Cursor. Familiar with version control (Git/GitHub), and deployment via Vercel and Netlify. I'm looking for an opportunity where I can apply my skills in a practical environment and continue learning.

SKILLS

Languages: JavaScript (ES6+), HTML5, CSS3

Frameworks & Libraries: TailwindCSS, Bootstrap, SASS

Tools & Platforms: GitHub, Vercel, Netlify, Firebase, Supabase, Antigravity

PROJECTS

Personal Portfolio Website

- Personal Portfolio Website – Built a fully responsive portfolio using HTML, TailwindCSS, and JavaScript, featuring sections for projects, skills, and contact information with a clean, modern UI.

BoookMyRoom - Hotel Booking System

- A full-stack hotel booking web application for discovering and booking budget to premium hotel rooms across India. Built with vanilla HTML/CSS/JS, Tailwind CSS, Supabase, and deployed on Netlify.
-
